PRESIDENT-ELECT HARDING BACK TO MARION IS WORKING ON CABINET AND PEACE TREATY

Harding Declares He Will Conduct the Government on a Peace Basis at Home and Will Not Adhere to Autocratic Rule in His Future Policies.

(By Associated Press)

Marion, Dec. 8.—With his return to Marion today from his vacation trip to the tropics President-elect Harding is ready to begin actual constructive work of policies for his coming administration. He felt out opinions on many subjects in Washington during the last two days and let it be known he is well pleased with the result. He told friends he believed his ideal party government and common understanding had been furthered by talks with Republican leaders in Congress and his canvass of the sentiment regarding the Association of Nations had been particularly encouraging. The work done in Washington was purely preliminary however, and at least some senators with whom he had discussed foreign affairs will come to Marion later to take part in the league conferences to begin early next week. In the meantime consultations about the selection of a cabinet will continue but it is not probable the final list of appointments will be completed much before inauguration day.

TO TAKE UP APPROPRIATION BILLS.

(By Associated Press)

Washington, Dec. 8.—Passage of the annual appropriation bills and preliminary work on matters to be pushed by the new administration were expected to occupy much of the time for the last session of the Sixty-sixth Congress which began yesterday to continue until the inauguration of President-elect Harding on March 4. Sessions yesterday were limited to the usual formal ceremonies in the Senate and House. Today the annual message from President Wilson will be received and Congress then will get down to the real work of the session. Receipt from Secretary Houston of the annual federal appropriation estimates, aggregating several billions of dollars, was one of yesterday's events.

Adjournment until today out of respect for house members who have died since the closing of the last session in June and to await the president's message, was arranged to follow yesterday's routine. This included the chaplain's prayer, roll calls of membership and adoption of resolutions to notify the president and each body of today's assembling. Senator Lodge of Massachusetts, the republican leader, had charge of these resolutions in the Senate, and Representative Mondell of Wyoming, still on crutches from a recent accident, acted similarly in the House. Other formalities on yesterday's program were the swearing in of Senators Carter Glass, of Virginia, elected to fill the unexpired term of the late Senator Martin, and Senator J. Thomas Heflin, of Alabama, successor to the late Senator Bankhead. Several new House members elected to fill vacancies also were to be sworn in.

These were the only immediate changes resulting from the November election, none of the new Senators or Representatives taking their seats until after March 4. The session beginning yesterday, however, was the last for many members, including prominent veterans, who retire with sine die adjournment next March.

Both Senate and House expect to plunge immediately into work today, organization under republican control having been effected last spring at the first regular session of the present Congress. Committees were organized, except for a few vacancies and enlargement of the House appropriations committee from 21 to 35 members under the new House rule centralizing all appropriation bills in the committee.

The Senate's unfinished business, pending and awaiting debate, with protracted discussion in prospect, included the Kenyon-Kendrick bills to regulate the meat packers and other adjuncts of the livestock industry. The bill was expected to be the vehicle for numerous speeches and other debate by senators on political events, domestic and foreign, and many other subjects. The House also had many bills waiting on its calendar. Although all pending bills die when Congress adjourns in March, little general legislation was planned for the present session by leaders. The appropriation bills, originating in the house, were to be given right of way, in the hope of passing all by March and having the decks clear for other legislation in the proposed special session of the new Congress next April. Many new bills and resolutions were ready for introduction, however.

With general expectation that wishes of President-elect Harding and other republican leaders would prevail regarding legislative action during the present session, no immediate move regarding American international relations was contemplated by the republican leaders. There was much speculation today among returning members of Congress whether President Wilson would return the Treaty of Versailles to the Senate.

Treaties before the Senate foreign relations committee, without prospect of early action, were the Polish treaty, the proposed Anglo-American-French pact for protection of France and the treaty with Columbia. The Austrian treaty has not yet been submitted by President Wilson.

Revenue and taxation questions are to have early consideration of Senate and House leaders and committees, but general sentiment appeared to be for deferring action until after President Harding's inauguration. Preliminary work on bills to revise tariff and internal revenue probably will be started during the present session, however, to expedite action at the new session.

Bills to aid agriculturists, limit immigration and make a congressional re-apportionment are among those to be taken up early this session. The House census committee already has begun work on a tentative re-apportionment bill and the House immigration committee on a measure to restrict immigration.

Continuance of several old and the launching of several new congressional investigations also are planned. The Senate committee investigating housing conditions and the House body inquiring into shipping board affairs are to be continued according to present plans. The Senate committee, headed by Senator Kenyon of Iowa, which has been investigating political campaign contributions and activities, is expected to file its report soon. The Senate privileges and elections committee's inquiry into the Newberry-Ford Senatorial election contest, in Michigan also is pending, but is not expected to have concluded until after disposition of Senator Newberry's appeal to the Supreme Court from his conviction of violating the election laws.

Hundreds of nominations, including many recess appointments, are to be sent to the Senate soon by President Wilson, but republican leaders declare privately that there is little chance of confirmation of many of the appointments. Officers nominated will hold over and function, but with the virtually certain prospect of having successors appointed by the new republican president and confirmed by the next senate. The session which began yesterday was the third of the Sixty-sixth Congress. The first, the special session convened May 19 and adjourned Nov. 19, 1919, and the second, convening Dec. 1 and adjourned last June 5 before the national political conventions.

CEMETERY ASS'N. FULLY ORGANIZED

The Bryan Cemetery Association held a meeting at the Carnegie Library at 3:30 Tuesday afternoon, President Geo. A. Adams presiding and Secretary S. E. Eberstadt at the desk. The meeting was to form a permanent organization which was done by electing Geo. A. Adams president and S. E. Eberstadt secretary. A treasurer will be elected by the board of directors.

Mrs. M. W. Sims made the report of the committee on nominations for directors for the ensuing year: Geo. A. Adams, Fred L. Cavitt, E. J. Fountain, Mrs. Dona Carnes, Mrs. J. E. Covey, Mrs. W. S. Howell and Mrs. A. B. Carr, Jr. These directors were elected.

Upon motion of Major L. L. McInnis, the board of directors were authorized to appoint all committees and make other arrangements for the transacting of the business of the Association until a by-laws and constitution was adopted.

Major McInnis, Mrs. Sims, Mrs. John E. Astin, Chairman Geo. A. Adams, T. K. Lawrence, City Manager E. E. McAdams, Mrs. Foster, Mrs. C. S. Hoyle, Mrs. Dona Carnes, Mrs. Geo. M. Brandon, Mrs. W. S. Howell, Mrs. M. W. Sims, Mrs. R. S. Webb, Sr., Mrs. J. E. Covey, Mrs. A. B. Carr, Jr., and others discussed the needs of a Cemetery Association.

Mrs. R. S. Webb, Sr., chairman of the membership committee, reported that a membership of 236 had been secured at \$1.00 per year dues and one donation for \$10.00. The membership committee was continued for further work with a view of securing 1000 members. The other members of the committee Mrs. Webb appointed as follows: Mrs. Edgar Jones, Mrs. Chas. S. Gainer, Mrs. A. B. Carr, Mrs. Law Henderson, Mrs. W. S. Howell, Mrs. Howard Cavitt, Mrs. J. L. Brock, Mrs. W. H. Cole, Mrs. T. K. Lawrence, Mrs. W. H. Lawrence and Mrs. Henry Locke.

Upon motion of Mrs. John E. Astin it was agreed to meet every second Tuesday afternoon at 3:30 o'clock at the Carnegie Library.

Major McInnis, who is cemetery commissioner of the city commission, stated that it was the purpose of the board to secure the services of City Manager E. E. McAdams to look after the details of the work and to aid the association in every way possible in beautifying the city of the dead. It was the consensus of the opinion of all present that the association is beginning work under very favorable circumstances. The Board of Directors is very active in its new duties and it is expected that a large membership will soon join the association and make it possible for much to be accomplished.

List of Members.

Below are the names of those who have joined the Cemetery Association: Mesdames O. E. Ford, Tom Spell, D. Munday, Josie Lawrence, Mattie Webb, Josie Sheets, Dona Carnes, H. L. THE OIL FRENZY IS NOW ON AT GROESBECK

Groesbeck, Tex., Dec. 8.—A present town of Groesbeck has been established since 1871, and never before in its history has there been such excitement and frenzied trading. When it became known Saturday that A. H. Bell, representing the Humphries Petroleum company, had leased the 700 acre tract owned or controlled by Will Welch, for a total consideration of \$140,000, and that the oil rig had been ordered shipped, and the lease providing that actual work shall begin within 60 days, land values went to the skies. Immediately following this deal, Richard Kennedy leased 500 acres, six miles west of Groesbeck at \$47.50 per acre, and C. L. Rogers and Jim Deaver leased 230 acres one mile southeast of Groesbeck at \$17.50 per acre, and Melvin Sharp and E. R. Smith leased their 1200 acre farm five miles west of Groesbeck for \$25.00 per acre. As far southwest as seven miles from Groesbeck hundreds of acres have been leased at \$25.00 per acre, this being in the direction of the new gas field, which is 13 miles southwest of Groesbeck.

Has Natural Gas.

This usually quiet little town of less than two thousand souls, but always a good business town, having the county courthouse and being located in the center of the county on the divide between the black waxy land on the west and the sandy soil on the east, has maintained a steady substantial growth. Groesbeck probably has more concrete sidewalks than any town in Texas, population considered. Another good asset is its natural gas, which it has enjoyed since February, 1914. The first gas well was brought in nearer Mexico than Groesbeck; but the strongest flow of gas in this entire section is just three or four miles west of Groesbeck, as proven by the fact that Groesbeck is the only town in this section which uses gas exclusively for fuel and the running of gins.

Much Building Underway.

As further evidence of the boom which has hit Groesbeck, the Brown hotel will have another story added immediately, making it a three story structure; a large office building is now being planned in which will be the general offices of the Humphries Petroleum company for the entire state; local buildings (and they are all brick) are being leased and sold at enormous prices. Four prominent Greek restaurant men from Waco have an option on a large two story building at Navasota and Ellis streets one of the most prominent corners in town. Already doll racks, slot machines and other amusements usually found in boom towns have made their appearance, and the colored shine boys have advanced their prices to 15 cents. However, the writer has been told by hotel, restaurant and rooming houses that prices will not be advanced in their lines.

The Humphries people are not the only big concerns investing here. A large syndicate from San Antonio has leased several hundred acres and will start the drill immediately, probably southeast of town.

The founder of this field, B. H. DeVore is here as well as W. H. Foster. Both are geologists of note, and it is their opinion that a big oil field has been discovered. Mr. DeVore located the test near Groesbeck, which was abandoned at 3000 feet, but he says in all probability will be sunk deeper. This oil boom has almost made some of our land owners forget the big cotton crop which they made and are now forced to sell at four cents per pound. The three banks here are all in good condition and their deposits are leaping to unknown figures. When the rigs arrive excitement will be greater. Many land owners can now sell their holdings for fortunes.

REPUBLICANS MUST HOLD A PRIMARY ELECTION IN 1922

Austin, Texas, Dec. 8.—The official count from all but three counties gives total 1920 vote for presidential electors in Texas as 488,706, Secretary of State Mims announced this morning. The three missing counties are Franklin, Liberty and Tyler.

Must Hold Primary.

With the Republican party showing in excess of 100,000 votes in the general election Nov. 2, the party in 1922 will be required to hold primary elections for all offices for which it offers candidates hereafter, subject to the same provisions as apply to the Democratic party. The Republicans already are required to hold nominating primaries for candidates for United States Senator. Not since the passage of the Terrell election law has the Republican party shown sufficient strength to come under the primary requirements of the law.

Third Time Above 100,000.

Under the election laws, all parties casting 100,000 or more votes for Governor in the preceding general election are required to hold primaries to select nominees of the party in the general elections. So far, only the Democratic party has shown sufficient strength to be required to hold primaries, except in the case noted of United States senators. All parties, regardless of size, are required to hold primaries if they desire to offer candidates for United States Senator.

In two other elections in the last twenty-five years the Republicans polled more than 100,000 votes, in 1896, when they polled their largest vote, and in 1900, but both of those elections were before the passage of the Terrell election law. The following figures give the votes cast for President in the general elections of 1896 and 1900 and also the vote on Governor in 1918 when the Republican vote fell to its lowest ebb, in the gubernatorial race:

1896.—Democrats 290,862, Populists 79,572, Republicans 107,520, Gold Democrats 5,046, Prohibitionists 1,786; total vote 544,786.
1900.—Democrats 267,337, Republicans 121,173, Populists 20,976, Prohibitionists 2,644, Social-Democrats 1,846, Socialist-Labor 162; total vote 414,138.

In the 1918 gubernatorial race the vote was:
Hobby (Dem.) 148,982, Boynton (Rep.) 26,713, Simpson (Soc.) 1,600; total vote 177,355.

Vote This Year.

The 1920 general election vote follows: 1920.—Democrats 289,688, Republicans 115,640, Black-Tan Republicans 27,515, combined Republican 443,115, Socialists 8,194, American party 46,669.

Thus the Democratic majority over all parties is 91,770 and the Democratic lead over the combined Republican vote is 146,533. Votes for Governor and Lieutenant Governor are to be canvassed in the first week of the regular session of the Legislature following the general election, while the law provides that the votes for presidential electors are to be canvassed by "the Secretary of State, in the presence of the Governor and the Attorney General, or either of them, on the fourth Monday in November next after said election."

SUNDAY MOVIES AND SUNDAY BASE BALL HELD TO BE ILLEGAL

(By Associated Press)

Austin, Dec. 8.—Sunday moving picture shows and Sunday baseball where admission fees are charged are illegal in Texas as held in effect today by the Texas court of criminal appeals, when a majority of the court affirmed the judgment of the lower court under which J. J. Hegman was fined \$20 in Austin for operating a motion picture show on Sunday, presiding Judge W. L. Davidson in a dissenting opinion declared the nature of the picture shown by Hegman would not permit of being classed as amusement.

INCREASE IN 1920 COTTON GINNINGS

Washington, Dec. 8.—Cotton ginned prior December 1, amounted to 10,144,921 running bales including 191,687 bales American and Egyptian and 1,111 bales of Sea Island, the Census Bureau announced today. Last year December 1 ginnings amounted to 8,844,968 bales lint including 99,668 round bales, 23,725 bales American-Egyptian, 5,362 bales of Sea Island. Arkansas ginned December 1, 812,000, and Texas 3,423,111 bales.

FOOTBALL PLAYERS ILL.

Coach C. B. Hudson is working on the proposed excursion from Bryan to Houston next Saturday to see the Bryan Hi and Houston Heights and is being assisted by Secretary S. E. Eberstadt. The team is somewhat disabled for the game at present. Grif Cloud is quite seriously ill and will not be able to play. W. Dobrovolsky and Ralph Turner are both injured but it is expected they will be able to make the trip and go to Houston next Saturday.

MRS. W. WILSON ENTERTAINS MRS. W. G. HARDING AT TEA AT THE WHITE HOUSE

Such An Entertainment Is For the First Time In So Long "That the Mind of Man Runneth Not to the Contrary" in Washington.

(By Associated Press)

Washington, Dec. 8.—For the first time within the memory of the oldest attaché of the White House, a first lady of the land entertained Monday a next first lady of the land. Mrs. Florence Kling Harding, wife of the president-elect, was the guest of Mrs. Edith Bolling Wilson, wife of the president, at an informal tea for two at the executive mansion late Monday afternoon.

Mrs. Wilson met her guest in the front hall and escorted her to the Blue room, where tea was served. After Mrs. Wilson and Mrs. Harding had chatted a while, they walked about the White House through the Green and Red rooms, and the state dining room over which Mrs. Harding will be called upon to preside after next March 4. Mrs. Harding did not meet the president, who had retired to his study on the upper floor to read, nor was she shown over the White House kitchen.

Mrs. Harding prepared to depart after spending an hour with her hostess and had progressed as far as the front doorway when Mrs. Wilson suddenly recalling details of the White House household organization which she had forgotten to impart, invited her back, and they withdrew again to the Blue room, where they talked for another 20 minutes. Upon leaving the White House, Mrs. Harding remarked that she had had "a very pleasant visit indeed," but she asked to be excused from answering any questions as to her visit. This was her first meeting with Mrs. Wilson and her first visit to the mansion over which she soon is to preside.

Mrs. Harding had a busy day in Washington. She went to the capitol in the morning and was in the gallery at the opening session of the senate. She had lunch at the capitol restaurant with her Washington hostess, Mrs. E. B. McLean, and Dr. and Mrs. C. E. Sawyer. As Mrs. Harding left the lunch room she met Mrs. Marshall, wife of the vice president, and immediately, as old friends, they embraced.

Mrs. Wilson's invitation to have tea at the White House was received by Mrs. Harding in the forenoon and she immediately accepted. After leaving the capitol and before going to the executive mansion, she called on a number of friends in Washington.

BIG FLOW OF HOT WATER IN MOORING WELL NO 1 COMING IN

At a depth of 2,100 feet the drillers at Mooring Well No. 1, west of Bryan struck an artesian stream of hot water and the flow is now 21 inches over the eight inch casing and increasing all the time. The water is stronger than the flow struck several weeks ago which was cool in temperature. It is thought the present stream is of the Marlin hot well quality although it is 1300 feet nearer the surface than the Marlin flow. It is estimated by the drillers that the hot water now escaping will reach the enormous flow of 75,000,000 gallons a day and is of the finest quality. It is a little discouraging for the oil drillers to find so much water on their way in search of oil, but the well would be worth much for water if it could be utilized in Bryan.

THE TEXAS BAPTIST BOARD WILL MEET

(Special to the Eagle)

Dallas, Texas, Dec. 8.—The Executive Board of the Baptist General Convention of Texas will meet in a three day session at the First Baptist Church, Dallas, Tuesday, December 14. The board is made up of about seventy of the leading Baptists from every section and representing every denominational interest in the state. Dr. F. S. Groner is general secretary, Dr. T. V. Neal, executive secretary, and Dr. J. L. Gross, enlistment secretary. Other members include the officers and trustees of the convention, college presidents, editors, heads of hospitals and beneficent institutions, leading ministers and laymen.

Plans and policies for the carrying on of all phases of Baptist work will be discussed and outlined in the meeting of December 14. Appropriations for the various institutions and enterprises fostered by the denomination will also be made at this time. This will be the first session of the Executive Board since the State Convention met at El Paso and it is considered the most important of all those held during the convention year.

MR. PARK RETURNED FROM MEXIA OIL FIELDS

Mr. P. S. Park has returned from Mexia where he has some land holdings about two miles from the gusher recently brought in near that town. Mr. Park says the Humphrey interests are dominating the field and there is general optimism for the future. Mexia is improving at a rapid rate and a big hotel, a new bank and some big business houses are assuming shape. There are oil men from all over the United States at Mexia.

KEPT IN THE LIMIT.

Director T. O. Walton and Director H. H. Williamson, of the A. & M. College, returned Tuesday from Prairie View Normal. While down there Messrs. Walton and Williamson went on a bird hunt and while they saw "millions" but did not bag over the limit. They always remain "within the law" when out hunting because it is the proper thing to do. They always keep within the limit. Do your Christmas buying early.

LONG SEARCH FOR MISS SMITH ENDED IN JUAREZ, MEXICO

(By Associated Press)

El Paso, Tex., Dec. 8.—The sixteen day search for Clara Barton Smith, wanted in connection with the death of Jake Hannon, of Ardmore, Okla., ended last night as far as local officers were concerned they said with Miss Smith almost within their grasp at Juarez. Sheriff Orndorff learned the location of Miss Smith through a confidential telegram and declares that informants wanted a reward for disclosing the hiding place. Sheriff Orndorff construed answer to a telegram to Sheriff Garrett, at Ardmore, to mean Miss Smith was not wanted as there was no reward for her capture. He declared last night he would not continue the case. Juarez police last night searched every hotel and rooming house in the city without results. They declared Miss Smith vanished, probably going to some interior point in Mexico.

THREE WACO WOMEN ON THE GRAND JURY

Waco, Texas, Dec. 8.—The old order changeth. Mrs. W. E. Spell, Mrs. E. L. Humphreys and Miss Kyle Pace are listed in the panel for the McLennan county grand jury, which will be convened on Jan. 3 by Judge Richard I. Munroe of the Fifty-fourth district court. Thus for the first time in this county and, so far as local court circles are aware, for the first time in Texas, three women will sit as members of the chief inquisitorial body of the county.

All three women have figured prominently in local and state social and club activities. Mrs. Spell is counted one of the best-known campaigners for the cause of women's rights, and was sent as a delegate-at-large to the democratic national convention at San Francisco. Mrs. Humphreys headed the recent county campaign for the school amendment to the state constitution, and has been active in club affairs.

HEN-PECKED DALLAS HUSBAND SQUEALS

Dallas, Texas, December 8.—Married life in Dallas seems to be as varied as ever. A man called at the city hall Tuesday and asked the health department to send out an inspector to make his wife wash the dishes.

"Please send somebody to my house and make my wife clean-up," said the man, who claimed Bohemia as his native land. "She refuses to wash the dishes until I come home at night and then makes me wash them. Our house is always tumbled up, so I thought I had better call on the city sanitarian."

MRS. MENDOLA DEAD.

Mrs. W. E. Foster received a telegram Monday announcing the death of Mrs. Katherine Mendola Sunday morning at Tulsa, Okla. Mrs. Mendola formerly lived in Bryan and will be remembered by many who will regret to learn of her death.

PRESIDENT-ELECT HARDING BACK TO MARION IS WORKING ON CABINET AND PEACE TREATY

Harding Declares He Will Conduct the Government on a Peace Basis at Home and Will Not Adhere to Autocratic Rule in His Future Policies.

(By Associated Press) Marion, Dec. 8.—With his return to Marion today from his vacation trip to the tropics President-elect Harding is ready to begin actual constructive work of policies for his coming administration. In the meantime consultations about the selection of a cabinet will continue but it is not probable the final list of appointments will be completed much before inauguration day.

TO TAKE UP APPROPRIATION BILLS.

(By Associated Press) Washington, Dec. 8.—Passage of the annual appropriation bills and preliminary work on matters to be pushed by the new administration were expected to occupy much of the time for the last session of the Sixty-sixth Congress which began yesterday to continue until the inauguration of President-elect Harding on March 4. Sessions yesterday were limited to the usual formal ceremonies in the Senate and House. Today the annual message from President Wilson will be received and Congress then will get down to the real work of the session. Receipt from Secretary Houston of the annual federal appropriation estimates, aggregating several billions of dollars, was one of yesterday's events.

Adjournment until today out of respect for house members who have died since the closing of the last session in June and to await the president's message, was arranged to follow yesterday's routine. This included the chaplain's prayer, roll calls of membership and adoption of resolutions to notify the president and each body of today's assembling. Senator Lodge of Massachusetts, the republican leader, had charge of these resolutions in the Senate, and Representative Mondell of Wyoming, still on crutches from a recent accident, acted similarly in the House. Other formalities on yesterday's program were the swearing in of Senators Carter Glass, of Virginia, elected to fill the unexpired term of the late Senator Martin, and Senator J. Thomas Heflin, of Alabama, successor to the late Senator Bankhead. Several new House members elected to fill vacancies also were to be sworn in.

These were the only immediate changes resulting from the November election, none of the new Senators or Representatives taking their seats until after March 4. The session beginning yesterday, however, was the last for many members, including prominent veterans, who retire with sine die adjournment next March.

Both Senate and House expect to plunge immediately into work today, organization under republican control having been affected last spring at the first regular session of the present Congress. Committees were organized, except for a few vacancies and enlargement of the House appropriations committee from 21 to 35 members under the new House rule centralizing all appropriation bills in the committee.

The Senate's unfinished business, pending and awaiting debate, with protracted discussion in prospect, included the Kenyon-Kendrick bills to regulate the meat packers and other adjuncts of the livestock industry. The bill was expected to be the vehicle for numerous speeches and other debate by senators on political events, domestic and foreign, and many other subjects. The House also had many bills waiting on its calendar. Although all pending bills die when Congress adjourns in March, little general legislation was planned for the present session by leaders. The appropriation bills, originating in the house, were to be given right of way, in the hope of passing all by March and having the decks clear for other legislation in the proposed special session of the new Congress next April. Many new bills and resolutions were ready for introduction, however.

With general expectation that wishes of President-elect Harding and other republican leaders would prevail regarding legislative action during the present session, no immediate move regarding American international relations was contemplated by the republican leaders. There was much speculation today among returning members of Congress whether President Wilson would return the Treaty of Versailles to the Senate.

Treaties before the Senate foreign relations committee, without prospect of early action, were the Polish treaty, the proposed Anglo-American-French pact for protection of France and the treaty with Columbia. The Austrian treaty has not yet been submitted by President Wilson.

Revenue and taxation questions are to have early consideration of Senate and House leaders and committees, but general sentiment appeared to be for deferring action until after President Harding's inauguration. Preliminary work on bills to revise tariff and internal revenue probably will be started during the present session, however, to expedite action at the new session.

Bills to aid agriculturists, limit immigration and make a congressional re-apportionment are among those to be taken up early this session. The House census committee already has begun work on a tentative re-apportionment bill and the House immigration committee on a measure to restrict immigration.

Continuance of several old and the launching of several new congressional investigations also are planned. The Senate committee investigating housing conditions and the House body inquiring into shipping board affairs are to be continued according to present plans. The Senate committee, headed by Senator Kenyon of Iowa, which has been investigating political campaign contributions and activities, is expected to file its report soon. The Senate privileges and elections committee's inquiry into the Newberry-Ford Senatorial election contest, in Michigan also is pending, but is not expected to have concluded until after disposition of Senator Newberry's appeal to the Supreme Court from his conviction of violating the election laws.

Hundreds of nominations, including many recess appointments, are to be sent to the Senate soon by President Wilson, but republican leaders declare privately that there is little chance of confirmation of many of the appointments. Officers nominated will hold over and function, but with the virtually certain prospect of having successors appointed by the new republican president and confirmed by the next senate. The session which began yesterday was the third of the Sixty-sixth Congress. The first, the special session convened May 19 and adjourned Nov. 19, 1919, and the second, convening Dec. 1 and adjourned last June 5 before the national political conventions.

CEMETERY ASS'N. FULLY ORGANIZED

The Bryan Cemetery Association held a meeting at the Carnegie Library at 3:30 Tuesday afternoon, President Geo. A. Adams presiding and Secretary S. E. Eberstadt at the desk. The meeting was to form a permanent organization which was done by electing Geo. A. Adams president and S. E. Eberstadt secretary. A treasurer will be elected by the board of directors.

Mrs. M. W. Sims made the report of the committee on nominations for directors for the ensuing year: Geo. A. Adams, Fred L. Cavitt, E. J. Fountain, Mrs. Dona Carnes, Mrs. J. E. Covey, Mrs. W. S. Howell and Mrs. A. B. Carr, Jr. These directors were elected.

Upon motion of Major L. L. McNinis, the board of directors were authorized to appoint all committees and make other arrangements for the transacting of the business of the Association until a by-laws and constitution was adopted.

Major McNinis, Mrs. Sims, Mrs. John E. Astin, Chairman Geo. A. Adams, T. K. Lawrence, City Manager E. E. McAdams, Mrs. Foster, Mrs. C. S. Hoyle, Mrs. Dona Carnes, Mrs. Geo. M. Brandon, Mrs. W. S. Howell, Mrs. M. W. Sims, Mrs. R. S. Webb, Sr., Mrs. J. E. Covey, Mrs. A. B. Carr, Jr. and others discussed the needs of a Cemetery Association.

Mrs. R. S. Webb, Sr., chairman of the membership committee, reported that a membership of 236 had been secured at \$1.00 per year dues and one donation for \$10.00. The membership committee was continued for further work with a view of securing 1000 members. The other members of the committee Mrs. Webb appointed as follows: Mrs. Edgar Jones, Mrs. Chas. S. Gainer, Mrs. A. B. Carr, Mrs. Law Henderson, Mrs. W. S. Howell, Mrs. Howard Cavitt, Mrs. J. L. Brock, Mrs. W. H. Cole, Mrs. T. K. Lawrence, Mrs. W. H. Lawrence and Mrs. Henry Locke.

Upon motion of Mrs. John E. Astin it was agreed to meet every second Tuesday afternoon at 3:30 o'clock at the Carnegie Library.

Major McNinis, who is cemetery commissioner of the city commission, stated that it was the purpose of the board to secure the services of City Manager E. E. McAdams to look after the details of the work and to aid the association in every way possible in beautifying the city of the dead. It was the consensus of the opinion of all present that the association is beginning work under very favorable circumstances. The Board of Directors is very active in its new duties and it is expected that a large membership will soon join the association and make it possible for much to be accomplished.

List of Members.

REPUBLICANS MUST HOLD A PRIMARY ELECTION IN 1922

Austin, Texas, Dec. 8.—The official count from all but three counties gives total 1920 vote for presidential electors in Texas as 488,706, Secretary of State Mims announced this morning. The three missing counties are Franklin, Liberty and Tyler. Must Hold Primary. With the Republican party showing in excess of 100,000 votes in the general election Nov. 2, the party in 1922 will be required to hold primary elections for all offices for which it offers candidates hereafter, subject to the same provisions as apply to the Democratic party. The Republicans already are required to hold nominating primaries for candidates for United States Senator. Not since the passage of the Terrell election law has the Republican party shown sufficient strength to come under the primary requirements of the law.

Third Time Above 100,000. Under the election laws, all parties casting 100,000 or more votes for Governor in the preceding general election are required to hold primaries to select nominees of the party in the general elections. So far, only the Democratic party has shown sufficient strength to be required to hold primaries, except in the case noted of United States senators. All parties, regardless of size, are required to hold primaries if they desire to offer candidates for United States Senator.

THE OIL FRENZY IS NOW ON AT GROESBECK

Groesbeck, Tex., Dec. 8.—A present town of Groesbeck has been established since 1871, and never before in its history has there been such excitement and frenzied trading. When it became known Saturday that A. H. Bell, representing the Humphries Petroleum company, had leased the 700 acre tract owned or controlled by Will Welch, for a total consideration of \$140,000, and that the oil rig had been ordered shipped, and the lease providing that actual work shall begin within 60 days, land values went to the skies. Immediately following this deal, Richard Kennedy leased 500 acres, six miles west of Groesbeck at \$47.50 per acre, and C. L. Rogers and Jim Deaver leased 230 acres on mile southeast of Groesbeck at \$17.50 per acre, and Melvin Sharp and E. R. Smith leased their 4200 acre farm five miles west of Groesbeck for \$25.00 per acre. As far southwest as seven miles from Groesbeck hundreds of acres have been leased at \$25.00 per acre, this being in the direction of the new gas field, which is 13 miles southwest of Groesbeck.

Has Natural Gas.

This usually quiet little town of less than two thousand souls, but always a good business town, having the county courthouse and being located in the center of the county on the divide between the black waxy land on the west and the sandy soil on the east, has maintained a steady substantial growth. Groesbeck probably has more concrete sidewalks than any town in Texas, population 44,115. Another good asset is its natural gas, which it has enjoyed since February, 1914. The first gas well was brought in nearer Mexico than Groesbeck; but the strongest flow of gas in this entire section is just three or four miles west of Groesbeck, as proven by the fact that Groesbeck is the only town in this section which uses gas exclusively for fuel and the running of gins.

Much Building Underway.

As further evidence of the boom which has hit Groesbeck, the Brown hotel will have another story added immediately, making it a three story structure; a large office building is now being planned in which will be the general offices of the Humphries Petroleum company for the entire state; local buildings (and they are all brick) are being leased and sold at enormous prices. Four prominent Greek restaurant men from Waco have an option on a large two story building at Navasota and Ellis streets one of the most prominent corners in town. Already doll racks, slot machines and other amusements usually found in boom towns have made their appearance, and the colored shine boys have advanced their prices to 15 cents. However, the writer has been told by hotel, restaurant and rooming houses that prices will not be advanced in their lines.

The Humphries people are not the only big concerns investing here. A large syndicate from San Antonio has leased several hundred acres and will start the drill immediately, probably southeast of town.

The founder of this field, E. H. DeVore is here as well as W. H. Foster. Both are geologists of note, and it is their opinion that a big oil field has been discovered. Mr. DeVore located the test near Groesbeck, which was abandoned at 3000 feet, but he says in all probability will be sunk deeper. This oil boom has almost made some of our land owners forget the big cotton crop which they made and are now forced to sell at four cents per pound. The three banks here are all in good condition and their deposits are leaping to unknown figures. When the rigs arrive excitement will be greater. Many land owners can now sell their holdings for fortunes.

MRS. W. WILSON ENTERTAINS MRS. W. G. HARDING AT TEA AT THE WHITE HOUSE

Such An Entertainment Is For the First Time In So Long "That the Mind of Man Runneth Not to the Contrary" in Washington.

(By Associated Press) Washington, Dec. 8.—For the first time within the memory of the oldest attaché of the White House, a first lady of the land entertained Monday a next first lady of the land. Mrs. Florence Kling Harding, wife of the president-elect, was the guest of Mrs. Edith Bolling Wilson, wife of the president, at an informal tea for two at the executive mansion late Monday afternoon. Mrs. Wilson met her guest in the front hall and escorted her to the blue room, where tea was served. After Mrs. Wilson and Mrs. Harding had chatted a while, they walked about the White House through the Green and Red rooms, and the state dining room over which Mrs. Harding will be called upon to preside after next March 4. Mrs. Harding did not meet the president, who had retired to his study on the upper floor to read, nor was she shown over the White House kitchen.

Mrs. Harding prepared to depart after spending an hour with her hostess and had progressed as far as the front doorway when Mrs. Wilson suddenly recalling details of the White House household organization which she had forgotten to impart, invited her back, and they withdrew again to the blue room, where they talked for another 20 minutes. Upon leaving the White House, Mrs. Harding remarked that she had had "a very pleasant visit indeed," but she asked to be excused from answering any questions as to her visit. This was her first meeting with Mrs. Wilson and her first visit to the mansion over which she soon is to preside.

Mrs. Harding had a busy day in Washington. She went to the capitol in the morning and was in the gallery at the opening session of the senate. She had lunch at the capitol restaurant with her Washington hostess, Mrs. E. B. McLean, and Dr. and Mrs. C. E. Sawyer. As Mrs. Harding left the lunch room she met Mrs. Marshall, wife of the vice president, and immediately, as old friends, they embraced.

Mrs. Wilson's invitation to have tea at the White House was received by Mrs. Harding in the forenoon and she immediately accepted. After leaving the capitol and before going to the executive mansion, she called on a number of friends in Washington.

BIG FLOW OF HOT WATER IN MOORING WELL NO 1 COMING IN

At a depth of 2,100 feet the drillers at Mooring Well No. 1, west of Bryan struck an artesian stream of hot water and the flow is now 21 inches over the eight inch casing and increasing all the time. The water is stronger than the flow struck several weeks ago which was cool in temperature. It is thought the present stream is of the Marlin hot well quality although it is 1300 feet nearer the surface than the Marlin flow. It is estimated by the drillers that the hot water now escaping will reach the enormous flow of 75,000,000 gallons a day and is of the finest quality. It is a little discouraging for the oil drillers to find so much water on their way in search of oil, but the well would be worth much for water if it could be utilized in Bryan.

THE TEXAS BAPTIST BOARD WILL MEET

(Special to the Eagle) Dallas, Texas, Dec. 8.—The Executive Board of the Baptist General Convention of Texas will meet in a three day session at the First Baptist Church, Dallas, Tuesday, December 14. The board is made up of about seventy of the leading Baptists from every section and representing every denominational interest in the state. Dr. F. S. Groner is general secretary. Dr. T. V. Neal, executive secretary, and Dr. J. L. Gross, enlistment secretary. Other members include the officers and trustees of the convention, college presidents, editors, heads of hospitals and beneficent institutions, leading ministers and laymen. Plans and policies for the carrying on of all phases of Baptist work will be discussed and outlined in the meeting of December 14. Appropriations for the various institutions and enterprises fostered by the denomination will also be made at this time. This will be the first session of the Executive Board since the State Convention met at El Paso and it is considered the most important of all those held during the convention year.

SUNDAY MOVIES AND SUNDAY BASE BALL HELD TO BE ILLEGAL

(By Associated Press) Austin, Dec. 8.—Sunday moving picture shows and Sunday baseball where admission fees are charged are illegal in Texas was held in effect today by the Texas court of criminal appeals, when a majority of the court affirmed the judgment of the lower court under which J. J. Hegman was fined \$20 in Austin for operating a motion picture show on Sunday, presiding Judge W. L. Davidson in a dissenting opinion declared the nature of the picture shown by Hegman would not permit of being classed as amusement.

INCREASE IN 1920 COTTON GINNINGS

Washington, Dec. 8.—Cotton ginned prior December 1, amounted to 19,144,921 running bales including 191,687 bales American and Egyptian and 1,111 bales of Sea Island, the Census Bureau announced today. Last year December 1 ginnings amounted to 8,844,368 bales lint including 99,668 round bales, 23,725 bales American-Egyptian, 5,862 bales of Sea Island. Arkansas ginned December 1, 812,000, and Texas 3,423,111 bales.

FOOTBALL PLAYERS ILL

Coach C. B. Hudson is working on the proposed excursion from Bryan to Houston next Saturday to see the Bryan Hi and Houston Heights and is being assisted by Secretary S. E. Eberstadt. The team is somewhat disabled for the game at present. Grif Cloud is quite seriously ill and will not be able to play. W. Dobrovolsky and Ralph Turner are both indisposed but it is expected they will be able to make the trip and go to Houston next Saturday.

LONG SEARCH FOR MISS SMITH ENDED IN JUAREZ, MEXICO

(By Associated Press) El Paso, Tex., Dec. 8.—The sixteen day search for Clara Barton Smith, wanted in connection with the death of Jake Hannon, of Ardmore, Okla., ended last night as far as local officers were concerned they said with Miss Smith almost within their grasp at Juarez. Sheriff Orndorff learned the location of Miss Smith through a confidential telegram and declares that informants wanted a reward for disclosing the hiding place. Sheriff Orndorff construed answer to a telegram to Sheriff Garrett, at Ardmore, to mean Miss Smith was not wanted as there was no reward for her capture. He declared last night he would not continue the case. Juarez police last night searched every hotel and rooming house in the city without results. They declared Miss Smith vanished, probably going to some interior point in Mexico.

THREE WACO WOMEN ON THE GRAND JURY

Waco, Texas, Dec. 8.—The old order changeth. Mrs. W. E. Spell, Mrs. E. L. Humphreys and Miss Kyle Pace are listed in the panel for the McLennan county grand jury, which will be convened on Jan. 3 by Judge Richard I. Munroe of the Fifty-fourth district court. Thus for the first time in this county and, so far as local court circles are aware, for the first time in Texas, three women will sit as members of the chief inquisitorial body of the county.

All three women have figured prominently in local and state social and club activities. Mrs. Spell is counted one of the best-known campaigners for the cause of women's rights, and was sent as a delegate-at-large to the democratic national convention at San Francisco. Mrs. Humphreys headed the recent county campaign for the school amendment to the state constitution, and has been active in club affairs.

HEN-PECKED DALLAS HUSBAND SQUEALS

Dallas, Texas, December 8.—Married life in Dallas seems to be as varied as ever. A man called at the city hall Tuesday and asked the health department to send out an inspector to make his wife wash the dishes. "Please send somebody to my house and make my wife clean-up," said the man, who claimed Bohemia as his native land. "She refuses to wash the dishes until I come home at night and then makes me wash them. Our house is always tumbled up, so I thought I had better call on the city sanitarian."

MRS. MENDOLA DEAD

Mrs. W. E. Foster received a telegram Monday announcing the death of Mrs. Katherine Mendola Sunday morning at Tulsa, Okla. Mrs. Mendola formerly lived in Bryan and will be remembered by many who will regret to learn of her death. Do your Christmas buying early.

The Waco Times-Herald says: "Don't slight the home enterprise or the home institution. Why send your money abroad for your needs when you can supply yourself with goods made here at home? The dollar that goes away is slow coming back." This doctrine does not only apply to Waco but to every other town, including Hearne, Navasota, Bryan, Calvert and all others.

"Should Robbers Enter Your Home Tonight?" is the caption of an advertisement in a Dallas newspaper. Dreadful. Leave your home at night if you live in Dallas. Bury your jewels and put your money in the banks. Go out and remain in the cemeteries until day and return home in the gray dawn with teeth chattering from cold and eyes red with exposure. Do this and prove you are a loyal citizen of Dallas while thieves, robbers and pickpockets are holding high carnival everywhere with no hand to stop them.

The Houston Post says: "Some newspapers think that Mr. Bryan's renewed activity as adviser of the democratic party indicates that he will be a candidate in 1924. Not so much a candidate in 1924 as now. In 1924 somebody else will become the candidate. Perhaps Billy Bryan argues that he could make as good a race as Jimmie Cox. Jimmie spent far less money than Harding and of course got far less votes.

Dallas is making war on the vagrants by fining suspicious characters \$100 each and giving them their choice of paying the fine or leaving town. All the men who are out of work are not vagrants and the officers should use discretion in apprehending idle men, but slack employment always brings many undesirable into Southern cities and moving them on is the best way of preventing petty crimes. Houston should not allow the undesirable invited out of Dallas to tarry here.—Houston Post.

The Houston Post of Dec. 8, 1895, twenty-five years ago, says: "Price list: Apples, \$2.50@\$3 per bushel; eggs, 19c per dozen; potatoes, 50c@60c per bushel; chickens, \$2.25@\$2.75 per dozen; turkeys \$4@\$7 per dozen." Now that eggs are four times as high; chickens four times as high and one turkey will bring as much as a dozen brought in 1895 it would be a

good idea to raise more eggs, chickens and turkeys. A turkey that sells for \$4.00 now brought \$4.00 by the dozen then.

Three new restaurants have been opened in Mexia since the oil boom. That's good. While Judge W. C. Davis, of Bryan, was in Mexia recently the jam around the restaurants was so great, the Eagle learns Judge Davis could get nothing to eat until he got back to Bremond. Really Judge Davis never passes Bremond, day or night, Sunday or holidays, unless he manages to get a three cent piece of pie for which he generally pays fifteen cents.

BRAZOS COUNTY INTERSCHOLASTIC LEAGUE MEETING

The County Directors of the Interscholastic League met at the court house Saturday, December 4th. The following were present: C. E. Bobo, A. B. Ford, Annie Lawless, G. M. Ammons, V. R. Glazener, and Supt. J. E. Smith. Miss Margie Easters of Kurten was elected Director of Essay Writing to fill the vacancy filled by the resignation of Miss Bess Morgan.

The date for holding the county meet was set for March 18 and 19, 1921. The literary contests such as spelling, essay writing, declamation, debate, etc., will be held on the 18th and the athletic contests on the 19th. The meet will be held in Bryan.

It was decided to have four contests in basketball: Boys' junior and senior and girls' junior and senior. The county was divided into two districts, the dividing line west of Bryan being the Jones' Bridge road and east of Bryan the Steep Hollow road. In each district games will be played to determine the district championship. The winning teams will play for the county championship at the county meet.

All schools that intend to enter a team in any of these contests should report the fact to the Director of Athletics, Mr. V. R. Glazener, College Station, Texas, before January 1, 1921. A schedule of games will then be arranged in each district. The basketball contest will begin January 15, 1921.

MARRIAGE LICENSES IN BRAZOS COUNTY

Below are the marriage licenses issued in Brazos county by County Clerk A. S. McSwain since the last report in the Eagle: LeRoy Green and Sarah Wilson, Elbato Livingston and Hattie Redding, Grebert Timothy and Dessie Green, Lester Foster and Texana Waldon, James Robertson and Perry Waldon, Will Nelson and Emma Alexander, Ernest Hammonds and Annie Dayman, Sam Lee and Lonnie Anderson.

MR. KROH TO SPEAK AT THE BAPTIST TABERNACLE DECEMBER 21

Mr. F. W. Betts, of Dallas, representing the Texas Bankers' Association and the Texas Automobile Association, held a joint meeting of bankers and business men of Bryan at the Chamber of Commerce rooms Tuesday afternoon at 2:30 o'clock with Mr. W. H. Cole presiding and arrangements were made for Mr. A. R. Kroh to speak here on Tuesday, December 21st, at the Baptist Tabernacle. Mr. Kroh is the man who went to North Carolina in the winter of 1914-1915, when cotton was worth 6c per pound and the farmers were in despair. The year 1915 showed North Carolina in 26th place in the United States on farm products with \$151,000,000 production. By preaching the gospel of planting food and feed crops and the use of modern methods on the farm, making demonstrations and mass meeting talks to the farmers throughout the State—a campaign covering several years, Mr. Kroh succeeded in bringing North Carolina in 1919 to 4th place in the United States with \$672,000,000 farm products. He comes to our community under almost identical conditions—at a time when we are in despair, and each and every farmer, both large and small is urged to be in Bryan and hear this Apostle of Truth speak on the 21st.

Mr. Kroh represents no manufacturer, no special interest and his coming costs our community not one cent. He has made a life study of agricultural questions, and is, himself, a farmer. While Mr. Kroh is a wonderful orator, still he has a way all his own of making men listen to his plan. According to some 2500 business men and bankers who heard Mr. Kroh in Dallas, Fort Worth, San Antonio and Houston last month he brings us the greatest message that has ever come to Texas.

Bryan and this community is very fortunate to be on Mr. Kroh's list and the local business men have promised to fill the Tabernacle for him. His first trip through the State on this campaign is being handled under the joint auspices of the Texas Automobile Dealers Association and the Texas Bankers Association.

IDLE MEN ON GAINESVILLE STREETS ARE ARRESTED

Gainesville, Tex., Dec. 8.—In order to prevent possible crime, the city police force is arresting all idle men found on the streets of Gainesville. Three men were jailed today and immediately put to work with the street gang.

MR. WILSON HONORED.

At a recent meeting of the Texas Retail Merchants Dry Goods Association, Sam B. Wilson, president of the Sam B. Wilson Co., of Bryan, was elected a director of the Association for the next year. Mr. Wilson is to be congratulated and will discharge the duties with honor and credit.

DEATH OF MRS. JOHNSON IN BEAUMONT

A sad message came to relatives and friends in Bryan Monday morning, announcing the death of Mrs. W. E. Johnson, at her home in Beaumont, this morning at 5:30 o'clock. After an illness of only six days, with pneumonia, death came to this useful and beloved woman, who, as wife, mother, sister and friend was always so faithful, devoted and loving, and whose untimely death came as a terrible shock and unspeakable grief to all.

Mrs. Johnson was 39 years old, and for many years before her girlhood and for a while after her marriage made Bryan her home. A few years ago she, with her husband and children went to Beaumont to reside, but with so many friends here, Bryan was still dear to her heart and many friends mourn with relatives today in their bereavement. Deceased is survived by her husband, and two sons, Dunlap Johnson, a student at the A. and M. College and Sam Johnson of Beaumont. Her aged mother, Mrs. F. L. Dunlap, who made her home with her daughter, and three brothers and two sisters, as follows: Sam Dunlap of Ennis, Will Dunlap of Somerville, Sid Dunlap of New Mexico, Mrs. Charles Gainer of Bryan, and Mrs. W. E. Sampson of Beaumont. The funeral will be held from the family home in Beaumont, Tuesday morning at 10 o'clock, with interment in the Beaumont cemetery.

Mrs. Charles S. Gainer of this city was at the bedside of her sister when death came, and the following relatives from Bryan went to Beaumont this afternoon, Charles S. Gainer, Charles Gainer, Jr., Miss Belle Gainer, Mrs. S. C. Williams.

A few doses 666 break a cold.

FOR BUILDING AND DEVELOPING BRYAN

The Eagle has concrete information that there are two proposition now gradually and surely developing in Bryan that will mean much along development and material lines. One involves a manufacturing plant for a wonderful invention and the other will develop resources along a line that has unlimited possibilities. These problems have revolved themselves into a plan of work, energy and the spending of some money. The men interested have crossed the Rubicon—as it were—and have put up the money and they have the cool business judgment to win. The Eagle believes they will succeed.

MR. CALDWELL GIVES A LOVING CUP

A beautiful and valuable silver loving cup has been given by J. M. Caldwell of Bryan to be awarded to the high individual on the International Livestock Judging Team from A. & M. College. This cup is to be in the permanent possession of the Saddle and Sirlain Club and will be exhibited throughout the year. The individuals winning the cup will have their names engraved on the cup with the year in which the contest was held. This will serve as a permanent record in the Saddle and Sirlain Club of A. & M. College of the high individuals on the teams that represent Texas at the International Livestock Judging Contest.

Mr. Caldwell will also give a medal to the high individual of the five members of the Freshman Livestock Judging Team to be selected near the close of school next spring for the Freshman Livestock Judging contest.

GOOD ROADS MOVEMENT.

A well known citizen of Brazos proposes that a \$1,500,000 road bond be voted so that the bonds can be sold and the work of building permanent roads go on next summer when it will be needed by all the people. Another citizen proposes that a real road law be passed by the legislature to build some good roads in Brazos county during the next two years.

WOOD BUTLER TRAINING.

Wood Butler will begin training tonight for the wrestling match with Young Burns, of Omaha, Nebraska, to take place at the Lyric theatre on December 18th. Burns has been beating every wrestler in Texas and has challenged Butler in a 40-handicap match. It is believed Butler will be in fine shape in two weeks and can hold his man.

ONE WOMAN HAS PAID.

Tax Collector Roy Hudspeeth reports that only one lady, Mrs. Mark Francis, of College, has paid her 1921 poll tax. About 250 men have paid and less than sixty days remain for the other 5,000 men and women of Brazos county to avail themselves of the great and glorious American privilege of becoming full-fledged citizens.

666 quickly relieves a cold.

NEW COMMISSIONERS' COURT MEETS DEC. 13

The newly elected commissioners court of Brazos county composed of the following members: County Judge H. O. Ferguson, Commissioners E. B. Holland, Precinct No. 1; George P. Edge, Precinct No. 2; C. F. Degelia, Precinct No. 3, and Jno. M. Moore Precinct No. 4, will meet in the first regular monthly session on Monday, December 13. At that time the official bonds of Mrs. Dora Wilson, county treasurer, and County and State Tax Collector Roy Hudspeeth for the next two years will be approved by the court and many other matters are on the docket, including a new road law for Brazos county to be passed by the next legislature.

DIPPING SEASON IS OVER 'TILL MARCH 15

The dipping season of 1920 closed on November 30th, and will not be resumed until about March 15th, with the warm weather. This is the announcement made by Dr. J. A. Wilkinson and Inspector Paul Swaincoat. The past season has been very successful and the people of Brazos county are to be congratulated on the success achieved along the lines of tick eradication.

OIL OPERATORS ARE CONTINUING TO EXPAND AT MEXIA

Mexia, Texas, Dec. 4.—In a conversation with John B. Means, general manager for the Humphreys Mexia Company Thursday morning, it is learned that considerable quantity of material, timbers, rigs and tools have been ordered with which to drill at least five more wells on the company's holdings here.

Geologists have not made the locations for these additional wells, however, and the exact locations are not yet known. Work will be resumed in the drilling line at an early day, and we look forward to increased activities in the field west of town.

Crews of workmen are still going ahead with the construction of tankage to care for well No. 1 when it is brought in, and progress of the work is satisfactory. The pretty weather the past few days has added much to the progress of developments, and business is teeming with interest in the field adjacent to Mexia. Visitors continue to come in, many from a long distance, several prominent oil men being on the ground from the states of Washington, Missouri, Kansas, Oklahoma, Pennsylvania, California and elsewhere.

SAME GOODS LESS MONEY

We've Got Them For You

We are receiving many lots of NEW GOODS bought at present LOW PRICES and all of our stock of merchandise now on hand going far below their cost, so as to match present values. This stock must go and must be sold. Prices and values on goods today is not considered with us here. If any thing you need and it is in this store TRY US and see if we can't meet with your pocket book and fill your wants at prices that suit you best. Now that cotton has no value—For 30 Days our Doors are open to all—During Christmas month to make your purchases at far below cost. Call and price our Goods and IF WE DON'T sell you for less—We give them to you.

Clothing Department

In this Department, we have on hand about 500 Boys' Knee Suits, sizes from 3 to 8 to fit the little ones and some sizes 10 to 18 to fit the big boys. We have 100 Suits we are selling for \$5.50 a suit, size 12 to 18. We call them bargains because they are worth \$10.00 a suit, but during this month at above prices. We have a big lot of Boys' Knee Pants, some 5 to 12 and some 12 to 18 in size. We are selling these pants at values that all boys could buy one and look well for a little money. Some go at 50c, 65c, 75c, 98c and up. Men's Overalls and Jumpers. Just about 200 yet left on hand. If you need one see our price and buy yourself some, for surely at this price we are selling will surely go up. Maybe when you need them this spring. Men's Pants. We have them in Work Pants and in Dress Pants. Now we don't want the price they cost us, but will sell them at the price we can rebuy and sell you. Many hundreds of them are big bargains and prices run from 50c up as far as a V can buy. See this department for better values.

Shoe Department

We must have not less than 5,000 pairs of shoes, some infants, some children's and lots of girls' and miss shoes, ladies' and mens' and boys. Now shoes haven't went down one cent. But here we are with one side of our store nothing but shoes, shoes and boots. Now we need the money. You need the shoes—Come and try us and see if we can't sell you a pair or so for 50c to \$2.50 to \$3.50 less than others. We are tired of looking at these shoes and we prefer to sell and wrap them up at your own price than to keep them, and see you go barefooted, and catch a cold and suffer more than the price of your shoes would be. Remember we have shoes to fit all feet, and prices are now fixed so low that you can buy 2 pair instead of one. If you are interested in shoes, see us here.

Dry Goods Department

Piece goods such as Outing, Calico, Plaids, Cotton Checks, Domestic. There is no values in this line of goods with cotton so cheap. Price all to pieces make it impossible to say what they are worth. But we will say what we have on hand goes at prices that today we can not replace them for—Either the manufacturer or by the jobber. These goods, in fact all our goods sold by the yard, have been cut in 2 and some in 3 parts, as far as prices goes. To appreciate our price, see this department and be your own judge. We will not be undersold and we are offering some big bargains in Ladies', Misses' and Childrens' fine Cloak Sport Coats and childrens' Coats. See our values.

Tin, Granite, Crockery Ware and House Furnishings

X-mas time will soon be here. Everybody needs something new at home. It may be a pie plate or a kitchen lamp, or a set of dishes and some pretty things around the dining room. We have made a very deep cut in price in this department—although prices on these goods have not dropped yet one cent. But we need money and money just now is much more useful to us than the goods. Buy now so you will have your wants for X-mas.

Sanitary Pawn Broker's Clothing

We had a big success this season in this department. We have sold more of these goods than we expected. But we have yet about 350 pieces yet left over, such as mens' and boys' Overcoats, Ladies' Long Coats, Misses' Coats, and Childrens' Coats and Overcoats. The few that is left are going for a great deal less than our past prices—although goods in this department are cheap if we should ask more. But we are cutting our prices in every department, so these goods go to like the balance at a big sacrifice—only a few left. If you need any of these buy now and keep yourself from freezing to death this winter, and look as well as the one who paid more for his or her garment. If you want values we have them.

MEMBER OF THE ASSOCIATED PRESS

The Waco Times-Herald says: "Don't slight the home enterprise or the home institution. Why send your money abroad for your needs when you can supply yourself with goods made here at home? The dollar that goes away is slow coming back." This doctrine does not only apply to Waco but to every other town, including Hearne, Navasota, Bryan, Calvert and all others.

"Should Robbers Enter Your Home Tonight?" is the caption of an advertisement in a Dallas newspaper. Dreadful. Leave your home at night if you live in Dallas. Bury your jewels and put your money in the banks. Go out and remain in the cemeteries until day and return home in the gray dawn with teeth chattering from cold and eyes red with exposure. Do this and prove you are a loyal citizen of Dallas while thieves, robbers and pickpockets are holding high carnival everywhere with no hand to stop them.

The Houston Post says: "Some newspapers think that Mr. Bryan's renewed activity as adviser of the Democratic party indicates that he will be a candidate in 1924. Not so much a candidate in 1924 as now. In 1924 somebody else will become the candidate. Perhaps Billy Bryan argues that he could make as good a race as Jimmie Cox. Jimmie spent far less money than Harding and of course got far less votes.

Dallas is making war on the vagrants by fining suspicious characters \$100 each and giving them their choice of paying the fine or leaving town. All the men who are out of work are not vagrants and the officers should use discretion in apprehending idle men, but slack employment always brings many undesirable into Southern cities and moving them on is the best way of preventing petty crimes. Houston should not allow the undesirable invited out of Dallas to tarry here.—Houston Post.

The Houston Post of Dec. 8, 1895, twenty-five years ago, says: "Price list: Apples, \$2.50@\$5 per bushel; eggs, 19c per dozen; potatoes, 50c@60c per bushel; chickens, \$2.25@\$2.75 per dozen; turkeys \$4@\$7 per dozen." Now that eggs are four times as high; chickens four times as high and one turkey will bring as much as a dozen brought in 1895 it would be a

good idea to raise more eggs, chickens and turkeys. A turkey that sells for \$4.00 now brought \$4.00 by the dozen then.

Three new restaurants have been opened in Mexia since the oil boom. That's good. While Judge W. C. Davis, of Bryan, was in Mexia recently the jam around the restaurants was so great, the Eagle learns Judge Davis could get nothing to eat until he got back to Bremond. Really Judge Davis never passes Bremond, day or night, Sunday or holidays, unless he manages to get a three cent piece of pie for which he generally pays fifteen cents.

BRAZOS COUNTY INTERSCHOLASTIC LEAGUE MEETING

The County Directors of the Interscholastic League met at the court house Saturday, December 4th. The following were present: C. E. Bobo, A. B. Ford, Annie Lawless, G. M. Ammons, V. R. Glazener, and Supt. J. E. Smith. Miss Maggie Easters of Kurten was elected Director of Essay Writing to fill the vacancy filled by the resignation of Miss Bess Morgan.

The date for holding the county meet was set for March 18 and 19, 1921. The literary contests such as spelling, essay writing, declamation debate, etc., will be held on the 18th and the athletic contests on the 19th. The meet will be held in Bryan.

It was decided to have four contests in basketball: Boys' junior and senior and girls' junior and senior. The county was divided into two districts, the dividing line west of Bryan being the Jones' Bridge road and east of Bryan the Steep Hollow road. In each district games will be played to determine the district championship. The winning teams will play for the county championship at the county meet.

All schools that intend to enter a team in any of these contests should report the fact to the Director of Athletics, Mr. V. R. Glazener, College Station, Texas, before January 1, 1921. A schedule of games will then be arranged in each district. The basketball contest will begin January 15, 1921.

MARRIAGE LICENSES IN BRAZOS COUNTY

Below are the marriage licenses issued in Brazos county by County Clerk A. S. McSwain since the last report in the Eagle: LeRoy Green and Sarah Wilson, Elbato Livingston and Hattie Redding, Grebert Timothy and Dessie Green, Lester Foster and Texana Waldon, James Robertson and Perry Waldon, Will Nelson and Emma Alexander, Ernest Hammonds and Annie Dayman, Sam Lee and Lonia Anderson.

MR. KROH TO SPEAK AT THE BAPTIST TABERNACLE DECEMBER 21

Mr. F. W. Betts, of Dallas, representing the Texas Bankers' Association and the Texas Automobile Association, held a joint meeting of bankers and business men of Bryan at the Chamber of Commerce rooms Tuesday afternoon at 2:30 o'clock with Mr. W. H. Cole presiding and arrangements were made for Mr. A. R. Kroh to speak here on Tuesday, December 21st, at the Baptist Tabernacle. Mr. Kroh is the man who went to North Carolina in the winter of 1914-1915, when cotton was worth 6c per pound and the farmers were in despair. The year 1915 showed North Carolina in 26th place in the United States on farm products with \$151,000,000 production. By preaching the gospel of planting food and feed crops and the use of modern methods on the farm, making demonstrations and mass meetings talks to the farmers throughout the State—a campaign covering several years, Mr. Kroh succeeded in bringing North Carolina in 1919 to 4th place in the United States with \$672,000,000 farm products. He comes to our community under almost identical conditions—at a time when we are in despair, and each and every farmer, both large and small is urged to be in Bryan and hear this Apostle of Truth speak on the 21st.

Mr. Kroh represents no manufacturer, no special interest and his coming costs our community not one cent. He has made a life study of agricultural questions, and is, himself, a farmer. While Mr. Kroh is a wonderful orator, still he has a way all his own of making men listen to his plan. According to some 2500 business men and bankers who heard Mr. Kroh in Dallas, Fort Worth, San Antonio and Houston last month he brings us the greatest message that has ever come to Texas.

Bryan and this community is very fortunate to be on Mr. Kroh's list and the local business men have promised to fill the Tabernacle for him. His first trip through the State on this campaign is being handled under the joint auspices of the Texas Automobile Dealers Association and the Texas Bankers Association.

IDLE MEN ON GAINESVILLE STREETS ARE ARRESTED

Gainesville, Tex., Dec. 8.—In order to prevent possible crime, the city police force is arresting all idle men found on the streets of Gainesville. Three men were jailed today and immediately put to work with the street gang.

MR. WILSON HONORED.

At a recent meeting of the Texas Retail Merchants Dry Goods Association, Sam B. Wilson, president of the Sam B. Wilson Co., of Bryan, was elected a director of the Association for the next year. Mr. Wilson is to be congratulated and will discharge the duties with honor and credit.

DEATH OF MRS. JOHNSON IN BEAUMONT

A sad message came to relatives and friends in Bryan Monday morning, announcing the death of Mrs. W. E. Johnson, at her home in Beaumont, this morning at 5:30 o'clock. After an illness of only six days with pneumonia, death came to this useful and beloved woman, who, as wife, mother, sister and friend was always so faithful, devoted and loving, and whose untimely death came as a terrible shock and unspeakable grief to all.

Mrs. Johnson was 39 years old, and for many years before her girlhood and for a while after her marriage made Bryan her home. A few years ago she, with her husband and children went to Beaumont to reside, but with so many friends here, Bryan was still dear to her heart and many friends mourn with relatives today in their bereavement.

Deceased is survived by her husband, and two sons, Dunlap Johnson a student at the A. and M. College and Sam Johnson of Beaumont. Her aged mother, Mrs. F. L. Dunlap, who made her home with her daughter, and three brothers and two sisters, as follows: Sam Dunlap of Ennis, Will Dunlap of Somerville, Sid Dunlap of New Mexico, Mrs. Charles S. Gainer of Bryan, and Mrs. W. E. Sampson of Beaumont. The funeral will be held from the family home in Beaumont, Tuesday morning at 10 o'clock, with interment in the Beaumont cemetery.

Mrs. Charles S. Gainer of this city was at the bedside of her sister when death came, and the following relatives from Bryan went to Beaumont this afternoon: Charles S. Gainer, Charles Gainer, Jr., Miss Belle Gainer, Mrs. S. C. Williams.

A few doses 666 break a cold.

FOR BUILDING AND DEVELOPING BRYAN

The Eagle has concrete information that there are two proposition now gradually and surely developing in Bryan that will mean much along development and material lines. One involves a manufacturing plant for a wonderful invention and the other will develop resources along a line that has unlimited possibilities. These problems have revolved themselves into a plan of work, energy and the spending of some money. The men interested have crossed the Rubicon—as it were—and have put up the money and they have the cool business judgment to win. The Eagle believes they will succeed.

REV. AND MRS. VIVION RETURN.
Rev. and Mrs. King Vivion arrived in Bryan Saturday and are at home at Miss Laura Neals, No. 246 on the campus at College. Rev. Vivion was united in marriage to Miss Harriet Wenton, of Morrisville, Mo., on Thursday, December 2. The bride is a granddaughter of the late Bishop Marvin, of the M. E. Church, South, and her grandfather, father and brother were Methodist ministers. The Eagle joins the many friends of Rev. and Mrs. Vivion in extending good wishes and congratulations and gives them a hearty welcome to Bryan and College.

SPECIAL TRAIN FOR BRYAN-HOUSTON GAME

Secretary S. E. Eberstadt and Coach C. B. Hudson have arranged with the I. & G. N. Railway to run a special train to Houston on Saturday for the Bryan Hi and Houston Heights football game. The special will go at 8 o'clock from Bryan, returning at 9 p. m., providing as many as 125 tickets at \$6.40 for the round trip are sold by noon Thursday. The arrangement is that all who wish to go on the special will call at the Chamber of Commerce offices before noon Thursday and pay to Secretary Eberstadt \$6.40 for the round trip to Houston. They will receive a receipt which will be good for a ticket Saturday morning at the I. & G. N. ticket office. If as many as 125 do not buy tickets by Thursday noon at \$6.40 the special train will be called off, the money refunded. Coach Hudson and Secretary Eberstadt are now busy on the proposition.

Washington, Dec. 7.—Secretary Baker was asked today by the House military committee to appear before it on Friday and explain why the War Department recruited an army of more than 180,000 men.

MISSIONARY SOCIETY ELECTS OFFICERS

The Woman's Missionary Society of the Methodist church met Monday afternoon at the church at 3 o'clock in regular business session and the following officers were elected to serve the ensuing year: Mrs. J. B. Priddy, president; Mrs. J. W. Black, first vice president; Mrs. J. R. McKee, second vice president; Mrs. J. N. Goodwin, superintendent study and publicity; Mrs. W. F. Gibbs, superintendent social service; Mrs. A. M. Waldrop, superintendent of supplies; Mrs. Ed Hall, corresponding secretary; Mrs. Wade Cox, treasurer; Mrs. J. E. Covey, local treasurer; Mrs. E. C. COLLECTING CLOTHING FOR POLISH RELIEF

The Methodist church are this week collecting good, warm and woolen clothing for the Polish Relief. A committee will call on you, but if you should be overlooked and want to have a part in this work send your package to the home of Mrs. E. J. Jenkins not later than Friday. These people are in real want and freezing and must have immediate help.

Let us supply your fresh milk needs. David Reid, Market.

RED CROSS MEMBERSHIP.

Frank Braczyk came to Red Cross headquarters Monday with 16 memberships and \$16 for the Red Cross roll call. Mr. Braczyk told the roll call chairman that he had received letters from those of his people in authority, insisting that he see to it that every Polish family in Brazos county wear a Red Cross button for 1921 as an evidence of their loyalty to the organization that has meant so much to the Polish people. Mr. Braczyk will continue his work in Brazos county until all have had an opportunity to join the Red Cross. The local chapter appreciates this work, and the good will and loyalty of the Polish people in our home county.

ARCTIC SILVER FOX.

Joe Heads, a colored man, killed a silver fox in a swamp on College Creek the other night. The fox is evidently a species of the Arctic regions and had no doubt wandered a long way from home. The animal was a yellow gray color with black and white rings around its tail. The body was slender, about fifteen inches in length and the tail about the same length. Mrs. J. C. Davidson, of Harvey, who saw the animal states that it is surely a specimen from the North that has wandered in some way to this section.

LAST MESSAGE OF PRESIDENT WILSON GIVEN TO CONGRESS IN WASHINGTON

Quotes Abraham Lincoln But Does Not Deal With the Peace Treaty or the League of Nations—Taxation Should Be Simplified By Congress.

(By Associated Press)

Washington, Dec. 7.—President Wilson's concrete recommendations to congress in his annual message today were the revision of tax laws with simplification of income and profit taxes; independence for Philippines; loan to Armenia; economy in government appropriations and expenditures and the creation of a workable budget system; cold storage and other laws affecting the cost of living and federal licensing of incorporations as recommended in previous messages and rehabilitation and training for disabled soldiers and sailors. President Wilson did not indorse the bonus. Nowhere did the president refer to the League of Nations or the peace treaty fight, except by inference in his opening when he quoted Abraham Lincoln's, "Let us have faith that right makes might and in that faith let us dare to do our duty as we understand it." At this close the president wrote a paragraph which might be regarded as a valedictory, saying: "I have not so much as laid before you a series of recommendations as I sought to utter my confession and faith and will stand by it until my last fighting day. I believe this be faith in America, faith in the future and of all victories which await national action in the days to come, whether in America or elsewhere." Democracy, President Wilson said, is being put upon its final test. He said the old world is just now suffering from wanton rejection of the principle of democracy and substitution of principle of autocracy as asserted in name but without authority and sanction of multitudes. "This is the time of all others when democracy should prove its purity and its spiritual power should prevail. It is surely the manifest destiny of the United States to lead in an attempt to make this spirit prevail." President Wilson did not appear in person before congress, but the message was read before both branches.

HOUSTON HEIGHTS VS. BRYAN ON DECEMBER 11

(Houston Chronicle)
Definite arrangements have been made by Houston Heights high for its game with Bryan high at Rice Field December 11. The winner of this game will play Abilene high for the scholastic football championship of Texas. Last night's mail brought from Bryan a lengthy contract which Superintendent Waltrip and Coach Welling have signed.

In guaranteeing Bryan \$600 for this game Heights is giving the largest guarantee ever given by a school team in Houston. In fact the \$600 is more than Rice has guaranteed rival college teams on numerous occasions. Sewanee University of Tennessee came to Houston a little more than a year ago and played for a \$2000 guarantee. With good weather December 11 the Bryan-Heights game should draw several thousand admirers of the sport for there will be no counter athletic attraction and the South Texas championship is at stake. All of Houston Heights will turn out in a body and Central high will not miss the opportunity. Ex-college men will also see the strap.

Since winning from Beaumont Thanksgiving Day Heights has not been idle. Coach Welling has been paying particular attention to the development of his line for the Heights forwards were outtrused by the lighter Beaumont men. If the same teams were to meet again, however, Heights would show to much better advantage. On November 25 the line did not charge in unison nor did it make its weight count as it should have done. The lesson taught that day has been profitable for all the defects were pointed out and now they are being remedied.

BAPTIST CHRISTMAS TREE.

The Sunday School of the First Baptist church unanimously voted on Sunday morning to give a Christmas tree for the children on the night of December 24th. Mrs. T. R. Batte, was appointed general chairman of arrangements, with Miss Stella Woodward and E. E. McAdams as assistants. The lady teachers of the school were appointed a committee on decorations. Horace P. Damsby, of Dr. Held's class, was appointed chairman of a committee to secure the tree, and Mrs. E. E. Kennedy and Mrs. R. R. Ellis will arrange the Christmas program, with Mrs. W. C. Davis in charge of the music.

MRS. BARRY SPEAKES AT FIRST CHRISTIAN CHURCH

A representative audience greeted Mrs. Maggie Barry Sunday morning at the First Christian church where she delivered an address on the dynamic power of the message of Jesus.

She brought out the idea, not only was the message one of power, but it had that in it which released the hidden forces of the individual and made him a power. This was Woman's Day at the church. Mrs. Rountree was to have delivered the evening address on "Americanism," but on account of the stormy night the pastor requested her to deliver it at another time when she could get a representative hearing. The pastor feels that Mrs. Rountree has a message that all Bryan should hear.

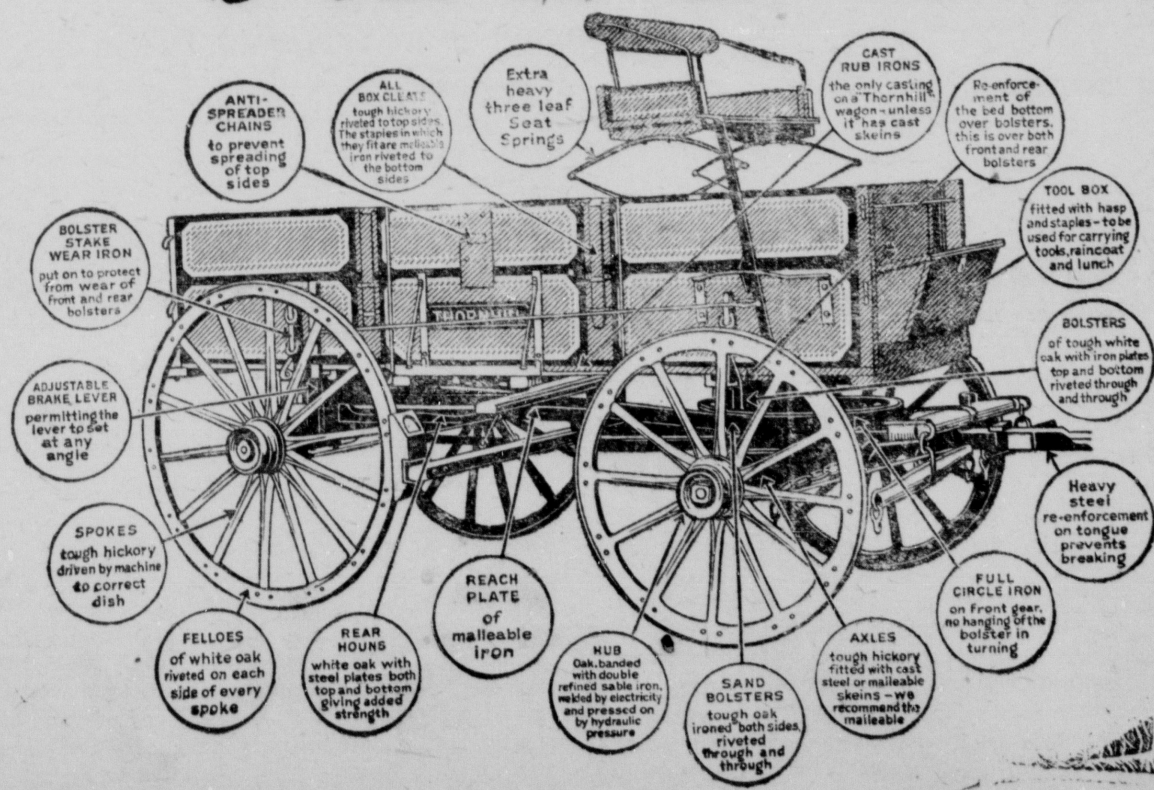

A REDUCTION OF THREE CENTS ON BRYAN RATE

City Manager E. E. McAdams and Fire Marshal Daly have received a letter from the State Fire Insurance Commission to the effect that a 3 per cent reduction in the key rate can be obtained by teaching the subject of fire prevention in the public schools. A sample text book of this subject has been sent for and if satisfactory arrangements can be made which no doubt will be, the citizens will enjoy another reduction in fire insurance rates.

HARVEY NEWS ITEMS.

Harvey, Dec. 8.—On last Wednesday our hearts were saddened when the news softly spread that little Totsie Dell Jones was dead. Totsie was the youngest and the pet of her family. A veritable little ray of sunshine and a song bird in her home. She had a sweet voice, and will ever be remembered tenderly by us all; by the songs and readings she often rendered in our literary gatherings. Many friends and relatives from here and Bryan attended the funeral. The school was dismissed in respect of her, and the children accompanied by their teachers attended in a body. Many beautiful floral offerings, mostly of white chrysanthemums, were placed upon the little grave until it was literally a mound of beauty of those fragrant blossoms. Totsie, who has never known a real sorrow, has only gone home to God, there to be a guiding star to the others of her family.

"Beautiful hands beckoning the loved ones to heavenly lands. Beautiful, beautiful beckoning hands." Rev. Ollie Smith filled his regular appointment here Sunday to a larger congregation than usual.

Mr. and Mrs. Tom Goodman from Steep Hollow attended services here Sunday and joined our Sunday school. We could and should have a good Sunday school if the people would only make a little effort to go. We need your presence. Come.

Mrs. Goodnight and baby are visiting her parents, Mr. and Mrs. John Jones.

Miss Nora Bell Jones is confined to her bed with tonsillitis. Her sister Pearl left Sunday to act as her substitute as teacher until she recovers.

Prof. Bobo is wide awake to the interest of his school and has installed several swings and seesaws for the younger children, while basketball is the chief amusement for the larger ones. The school is progressing finely.

Mr. Pat Buchanan and Ellen Thompson from Bryan attended Bright Light church Sunday.

NO MORE WORKERS IN THE RANGER OIL FIELDS

Ranger, Tex., Dec. 8.—A survey made here among large employers of labor shows that only a small surplus of unemployed men are now in Ranger. To keep unemployment at a minimum and to prevent a crime wave, the police are arresting all men found riding freight trains into the city. Arrests are made under charges of vagrancy and the prisoners are offered an opportunity to leave town. If they promise to go they are released otherwise they are worked on the streets.

During the last few weeks many hundreds of Mexicans have left here to return to Mexico. It is believed by employers and civic organization that in Ranger very little inconvenience will result if the immigration to the oil fields is not too large. To this end, wherever possible, prospective workers are discouraged in coming here.

JUDGE LANE HERE.

Judge J. Felton Lane, of Hearne, editor of the Hearne Democrat, is in town today. Judge Lane has served his state in many places of honor and is always welcome in Bryan.

Mrs. Elbert Moore, of Steep Hollow, chairman of the Red Cross roll call for that community, made report to Mrs. Frank Webb county chairman today, with 24 memberships and \$24.

CARDUI HELPED REGAIN STRENGTH

Alabama Lady Was Sick For Three Years, Suffering Pain, Nervous and Depressed—Read Her Own Story of Recovery.

Paint Rock, Ala.—Mrs. C. M. Stegall, of near here, recently related the following interesting account of her recovery: "I was in a weakened condition. I was sick three years in bed, suffering a great deal of pain, weak, nervous, depressed. I was so weak, I couldn't walk across the floor; just had to lay and my little ones do the work. I was almost dead. I tried every thing I heard of, and a number of doctors. Still I didn't get any relief. I couldn't eat, and slept poorly. I believe if I hadn't heard of and taken Cardui I would have died. I bought six bottles, after a neighbor told me what it did for her.

"I began to eat and sleep, began to gain my strength and am now well and strong. I haven't had any trouble since. I sure can testify to the good that Cardui did me. I don't think there is a better tonic made and I believe it saved my life."

For over 40 years, thousands of women have used Cardui successfully, in the treatment of many womanly ailments.

If you suffer as these women did, take Cardui. It may help you, too. At all druggists. E 85

STILL TALKING ABOUT REDUCING COTTON

(By Associated Press) Memphis, Dec. 7.—Measures to make effective a fifty per cent reduction on cotton acreage and similar increase of acreage to be devoted to food crops and livestock raising is under consideration at a meeting here today of representatives of banking, commercial and farming interests of all the Southern states. Leaders in the movement declare the action to be taken at this meeting will insure a cut at least of half of cotton acreage next year which they declare is imperative as it means stabilizing the market and restore the price of the staple. Figures give the farmer a reasonable return for their 1921 crop.

BANKERS JOINING REVOLVER CLUBS

(By Associated Press) Dallas, Tex., Dec. 6.—Alarm over the increasing number of holdups and robbers in North Texas has led hundreds of Dallasites to turn to revolver practice as a precautionary measure, according to the police.

A score of employees from the American Exchange National Bank here recently obtained permission to use the local police target range, and since then dozens of others have sought the same privilege, police officials says. "Men who handle thousands of dollars daily cannot afford to take chances," said one of the embryo bankers.

COL. OUSLEY ON HIS WAY TO A. & M. COLLEGE

(Dallas Times Herald)

Clarence Ousley, former assistant secretary of agriculture, will take up extension and lecture work at A. & M. College. Mr. and Mrs. Ousley arrived in Dallas Saturday from Washington after a three week's automobile trip through the country. The trip was made by automobile, Mr. Ousley said, in order to make a thorough observation of the cotton situation in the south.

"The farmers of the South are hard hit," he said. "But they are not bankrupt, and are not whining. I find that every farmer who is able to hold his cotton is doing so, a few are forced to sell, but everyone is determined to cut his acreage in cotton next year."

VISITOR ADDRESSED BRYAN KNIGHTS OF COLUMBUS

Adolph Dolson, of Galveston, district deputy of the Knights of Columbus, was in Bryan Sunday and addressed the Bryan Council in the interest of the work and benefits of the K. of C. organization. Mr. Dolson made a splendid address to a large number of members of the Bryan Council. While in the city Mr. Dolson was the guest of Grand Knight H. B. McDowell and was given a warm welcome here.

HOGS ARE PROFITABLE.

Dr. W. A. Smith, Millican, was in Bryan today greeting friends. Dr. Smith is a practicing physician but grows hogs on the side and has made quite a success of it. The doctor reports having killed three hogs recently that weighed 1020 pounds. Two of them, ten months old, weighed respectively 292 pounds and 311 pounds, and the other one twenty months old, weighed 417. This is a good way to solve the high cost of living and others would do well to follow his example.

COL. OUSLEY ARRIVES.

Col. Clarence Ousley arrived at College last night from New York leaving Mrs. Ousley in Dallas. Mr. Ousley has assumed his duties at College as director of the Extension Service. He was in Bryan today greeting friends who gave him a cordial welcome "back home."

BOARD DIRECTORS HEAR MR. REPERT ON RAT EXTERMINATION

The board of directors of the Bryan and Brazos County Chamber of Commerce met Tuesday morning at 10 o'clock, President E. J. Jenkins presiding and Secretary S. E. Eberstadt at the desk. Present were: E. J. Jenkins, Tyler Haswell, Major L. L. McNnis, W. H. Cole, J. L. Edge, T. A. Adams, A. M. Waldrop, Geo. A. Adams, Jno. A. Moore Jr., Mayor John M. Lawrence, Travis B. Bryan, Sam B. Wilson, Lee J. Rountree, T. K. Lawrence and Secretary S. E. Eberstadt.

Mr. E. P. Reppert, of the A. and M. College Extension Department, was before the board and talked on the extermination of rats. Mr. Reppert discussed many phases of rat destruction by poisoning and traps, urging in every instance co-operation of all the people and he placed the loss for a year in Texas at \$72,000,000, to say nothing of the spreading of disease such as bubonic plague. He said a new and avicious specimen was now reported in Texas and that it was doing an immense damage. Nearly every member of the board took part in the discussion and Mr. W. H. Cole stated that he had lost from his farm about 200 bushels of corn this year on account of the rats. Major McNnis, Mr. Waldrop and Mr. Edge discussed the question of administering poison to the rodents. Different phases were discussed by Geo. A. Adams, Mayor Lawrence, Sam B. Wilson, Tyler Haswell, T. A. Adams and others. Upon motion of Major L. L. McNnis after a general discussion of the members present the matter was referred to the City Development Committee to arrange a meeting with Mr. Reppert at any time to inaugurate a rat extermination campaign in Brazos county.

Several questions were discussed, including the annual banquet of the Chamber of Commerce, which will be held on Tuesday night, January 11, 1921. Arrangements are already under way for the event which will probably be attended by about 400 members.

Chairman John A. Moore and T. K. Lawrence discussed the proposed entertainment for the victorious Bryan Hi football team and the affair will be arranged at an early date.

Chairman George A. Adams, of the City Development Committee, stated that a meeting of the Cemetery Association would be held at the Carnegie Library at 3:30 o'clock Tuesday afternoon to effect a permanent organization.

Dr. Bizzell to Sec. Eberstadt.

Secretary Eberstadt read the following letter from Dr. W. B. Bizzell, president of A. and M. College, under date of November 30, relative to the Y. M. C. A. contribution at College by citizens of Bryan: "This is to acknowledge receipt of your cashier's check for \$1153.50, which is a contribution of the business men of Bryan to our Y. M. C. A. building. I will thank you to express to the Bryan Chamber of Commerce, and through them to the business men of the city, our sincere appreciation for this liberal donation to the Y. M. C. A. The continued expression of co-operation on the part of the business

men of Bryan with the college is personally very gratifying to me and causes all of us to feel very kindly toward those who always respond so cheerfully and liberally to every call that is made by the college."

BRYAN LAUNCHING A NEW FIGHT FOR THE LIMELIGHT

Washington, Dec. 6.—William Jennings Bryan has joined the reform forces engaged in preparing a legislative drive for Sunday observance, and in doing so has reiterated his cry for a single standard of morality.

Commenting on the moral crusade being conducted in several States and to be urged upon congress with a Sunday observance bill for the District of Columbia, Mr. Bryan has written to the all-American conference of social diseases asserting that he proposes to press his fight for the single standard of morality.

"I urge," said Mr. Bryan, "the indorsement of the single standard—not segregation of sin, not licensing of vice, the penalties of immorality enforced impartially against the two sexes. That is, in my judgment, to be the next great moral issue, and I hope to see Nebraska led the fight."

This was followed by an appeal to the women to rally to the support of Mr. Bryan and others who stand with him. He would have Nebraska write into its new constitution a provision for the "single standard."

"The women are here; their consciences are with us; their influences will help us," said he. "How dare we longer discriminate against women and give to the immoral man a respectability that we deny her. I beg you to consider whether this is not the time to indorse the single standard of morality. Man and woman will stand side by side before the judgment bar of God; if they must stand on an equality there we should not give one of them an advantage over the other in the tribunal which man creates."

BRYAN HIGH AND CLEBURNE LINED UP

(Special to the Eagle) Dallas, Tex., Dec. 6.—The Cleburne high school football eleven won the undisputed championship of north Texas this afternoon when Coach Ernie's undefeated, unscored on aggregation defeated the hitherto invincible Bryan Street high of this city by a score of 7 to 0. The game was closely and stubbornly contested all the way through and was witnessed by one of the largest crowds that ever saw a high school game in Dallas.

Coke Wimmer (University), acted as referee, Joe Uday (A. & M.) as umpire while Ray Morrison (Vanderbilt) officiated in the capacity of head linesman.

The Cleburne team will probably meet the high school of Bryan, Texas, in a game that will decide state honors.

Mrs. S. C. Williams, Mrs. Joe Johnson and E. F. Parks returned today from Beaumont, where they attended the funeral of Mrs. W. E. Johnson on Tuesday.

MR. COOPER COMING FOR A DEVELOPMENT WORK IN BRYAN

President C. A. Harris, of the Automatic Shoe Polishing Co., of Texas, which proposes to manufacture the Shi-Na-Mint Machines Tuesday morning received a telegram from Phil P. Cooper, of Cleveland, Ohio, who has been foreman and superintendent of the J. C. Ulmer Manufacturing Co. for many years, stating that he will arrive in Bryan next Sunday to probably take charge of the superintendency of the erecting of a factory for the company. Mr. Cooper was superintendent of the building of the present automatic machine now on exhibition and used in Bryan and understands the work which he did recently with Mr. Harris and Mr. J. L. Edge of the company. The papers of incorporation for the company in the sum of \$250,000 with its office in Bryan has been filed with the Secretary of State at Austin. Mr. D. B. Reeves, of New York was here Monday and agreed to take charge of the sales of the several states for the right to sell these machines for use. A representative of a shoe polishing paste factory was in Bryan Sunday looking after the business of the company. All the details for the success of the wonderful invention are now being worked out by the board of directors and officers of the Automatic Shoe Polishing Co., of Texas.

LUNCHEON TENDERED FOR MRS. EDWARD SPAULDING

Mrs. Royal S. Copeland, wife of the city health commissioner of New York City, gave unusually attractive luncheon at her residence Georgian Courts, Central Park West, on Friday noon in honor of her sister-in-law, Mrs. Edward Spaulding.

Prior to her marriage to Dr. Edward Spaulding, one of New York's foremost oculists, Mrs. Spaulding will always be remembered by her many Texas hosts as Miss Dorcas Parker of Bryan, Texas. Although far away from the land of her birth, Mrs. Spaulding still retains a very warm spot in her heart for the Lone Star State. Being one of the prominent members of the Texas Club of New York she always willingly renders every assistance in furthering the clubs' interests.

Among the guests who enjoyed the pleasant hospitality of Mrs. Copeland were Mrs. Robert Wylie Lyle, president of the Texas Club, formerly of Galveston; Mrs. William R. Nash, Mrs. Browning-Groce of Houston, Mrs. A. Duckworth and Mrs. B. Gilchrist of New York.

COACH HUDSON'S TEAM IN READINESS

Coach C. B. Hudson for Bryan High football team announces everything in readiness for the game with Houston Heights in Houston at Rice Field, Saturday, December 11, at 3 p. m. All arrangements are closed and he will have tickets here in Bryan for sale and those wishing to go should see him. This game will determine who will play Abilene High for the State championship. Of course Bryan will win.

HARVEY NEWS ITEMS.

Harvey, Dec. 8.—On last Wednesday our hearts were saddened when the news softly spread that little Totsie Dell Jones was dead. Totsie was the youngest and the pet of her family. A veritable little ray of sunshine and a song bird in her home. She had a sweet voice, and will ever be remembered tenderly by us all; by the songs and readings she often rendered in our literary gatherings. Many friends and relatives from here and Bryan attended the funeral. The school was dismissed in respect of her, and the children accompanied by their teachers attended in a body. Many beautiful floral offerings, mostly of white chrysanthemums, were placed upon the little grave until it was literally a mound of beauty of those fragrant blossoms. Totsie, who has never known a real sorrow, has only gone home to God; there to be a guiding star to the others of her family.

"Beautiful hands beckoning the loved ones to heavenly lands. Beautiful, beautiful beckoning hands."

Rev. Ollie Smith filled his regular appointment here Sunday to a larger congregation than usual.

Mr. and Mrs. Tom Goodman from Steep Hollow attended services here Sunday and joined our Sunday school. We could and should have a good Sunday school if the people would only make a little effort to go. We need your presence. Come.

Mrs. Goodnight and baby are visiting her parents, Mr. and Mrs. John Jones.

Miss Nora Bell Jones is confined to her bed with tonsillitis. Her sister Pearl left Sunday to act as her substitute as teacher until she recovers.

Prof. Bobo is wide awake to the interest of his school and has installed several swings and seesaws for the younger children, while basketball is the chief amusement for the larger ones. The school is progressing finely.

Mr. Pat Buchanan and Ellen Thompson from Bryan attended Bright Light church Sunday.

NO MORE WORKERS IN THE RANGER OIL FIELDS

Ranger, Tex., Dec. 8.—A survey made here among large employers of labor shows that only a small surplus of unemployed men are now in Ranger. To keep unemployment at a minimum and to prevent a crime wave, the police are arresting all men found riding freight trains into the city. Arrests are made under charges of vagrancy and the prisoners are offered an opportunity to leave town. If they promise to go they are released otherwise they are worked on the streets.

During the last few weeks many hundreds of Mexicans have left here to return to Mexico. It is believed by employers and civic organization that in Ranger very little inconvenience will result if the immigration to the oil fields is not too large. To this end, wherever possible, prospective workers are discouraged in coming here.

JUDGE LANE HERE.

Judge J. Felton Lane, of Hearne, editor of the Hearne Democrat, is in town today. Judge Lane has served his state in many places of honor and is always welcome in Bryan.

Mrs. Elbert Moore, of Steep Hollow, chairman of the Red Cross roll call for that community, made report to Mrs. Frank Webb county chairman today, with 24 memberships and \$24.

CARDUI HELPED REGAIN STRENGTH

Alabama Lady Was Sick For Three Years, Suffering Pain, Nervous and Depressed—Read Her Own Story of Recovery.

Paint Rock, Ala.—Mrs. C. M. Stegall, of near here, recently related the following interesting account of her recovery: "I was in a weakened condition. I was sick three years in bed, suffering a great deal of pain, weak, nervous, depressed. I was so weak, I couldn't walk across the floor; just had to lay and my little ones do the work. I was almost dead. I tried everything I heard of, and a number of doctors. Still I didn't get any relief. I couldn't eat, and slept poorly. I believe if I hadn't heard of and taken Cardui I would have died. I bought six bottles, after a neighbor told me what it did for her.

"I began to eat and sleep, began to gain my strength and am now well and strong. I haven't had any trouble since. I sure can testify to the good that Cardui did me. I don't think there is a better tonic made and I believe it saved my life."

For over 40 years, thousands of women have used Cardui successfully in the treatment of many womanly ailments.

If you suffer as these women did, take Cardui. It may help you, too. At all druggists. E 85

STILL TALKING ABOUT REDUCING COTTON

(By Associated Press)
Memphis, Dec. 7.—Measures to make effective a fifty per cent reduction on cotton acreage and similar increase of acreage to be devoted to food crops and livestock raising is under consideration at a meeting here today of representatives of banking, commercial and farming interests of all the Southern states. Leaders in the movement declare the action to be taken at this meeting will insure a cut at least of half of cotton acreage next year which they declare is imperative as it means stabilizing the market and restore the price of the staple. Figures give the farmer a reasonable return for their 1921 crop.

BANKERS JOINING REVOLVER CLUBS

(By Associated Press)
Dallas, Tex., Dec. 6.—Alarm over the increasing number of holdups and robbers in North Texas has led hundreds of Dallasites to turn to revolver practice as a precautionary measure, according to the police.

A score of employees from the American Exchange National Bank here recently obtained permission to use the local police target range, and since then dozens of others have sought the same privilege, police officials says. "Men who handle thousands of dollars daily cannot afford to take chances," said one of the embryo bankers.
